

Airflow 1™

COMBI 310ml

A single component pneumatic bead applicator for cartridges and sachets

Piston driven rod action and separate front barrel enables both cartridges and sachets to be dispensed

Integral pressure regulator to control sealant flow

Sachet Plunger

Cartridge Plunger

Rod Driven Cartridge/Sachet Plungers

Minimum trigger pressure for effortless use

PRODUCT FEATURES:

- 20% more power than Airflow 1 cartridge for higher viscose materials
- High volume trigger valve for immediate sealant flow
- Quick exhaust valve to minimise "flow-on"
- Manufactured in UK to high quality standards for reliability and safety
- Wide range of accessories and spare available to make the most of the applicator and give it a long service life
- 6.8bar (100psi) regulator as standard (others available).

Standard: 6.8 bar (100 psi) ●

Options available: 3.4 bar (50 psi) ●
5.2 bar (75 psi) ●
8.5 bar (125 psi) ○

The Cox Airflow 1 is part of a range of pneumatic applicators. Ideally suited to larger scale production line and commercial operations where easy access to compressed air is available, giving substantial productivity gains over manual applicators. The Airflow range provides fast, effortless application and smooth consistent sealant flow for high quality workmanship.
